Horace Allen School Opened

Official opening of the Horace Allen High School in Coleman, was witnessed by over 500 persons Friday evening at an affair that was attended by government, Department of Education and other officials.

Trustee Steve Mraz, who has been chairman of the Board for many years, officially opened the ceremonies and in his remarks, pointed out that the policy of the Coleman Board has been to provide the students with the best educational facilities possible in line with economic conditions.

He indicated that many bitter battles had been fought and many bridges crossed by the Board of Trustees to get the new school for Coleman. He commended the Alberta government and Department of Education for their generous aid in the school building.

Mr. Mraz then introduced the Board of Trustees and guests that were present for the affair.

Mr. Lurie of the architectural firm of Lurie and Neufeld, who designed the school, gave a short talk, commanding the fine work done by the contractors and all who had played a part in the construction of the school. He then presented a picture to the school.

Mr. Chronik of Chronik Construction, expressed his appreciation at having had the opportunity of building such a fine structure, and showed his appreciation also presented the school with a picture.

William McInnes of Lethbridge, supervisor of construction, praised the contractor for a fine job and gave credit to all firms that had had a part in erecting the building.

He commended the Board for their untiring efforts and made special mention of the school secretary-treasurer, Nora Goulding, whom he said was always there when she was needed. He told the Board they were fortunate to have such a fine person at their disposal.

Principal Horace Allen, after whom the school was named, was the next speaker, and in his remarks expressed his sincere appreciation to everyone who had a hand in having the school built. He expressed the pride and honor he felt at the school being named after him, adding that he would do everything in his control to warrant the honor. Mr. Allen then called on all of the staff of the new school and introduced them to the new students.

Mrs. Helen Neddo, representing the Coleman Home and School, was introduced and on behalf of the organization, presented Vice-principal Steve Ondrus with a large selection.

Mr. Jack Ostash was the next speaker, and stated that the new school was a wonderful step for progress in the town. He said that he was aware of the hard battle the Board had fought to get the building during the past eight years. He concluded by stating it goes to show what a group of men under determined leadership can do when they set a goal and do it. We are proud of you, he said, and let us continue to progress.

Former Mayor, Frank Abouassafy

Council Meeting

Coleman council, at its meeting this week agreed to send a delegation to Edmonton to meet with the Municipal Advisory Board pertaining to the new assessment for the town.

With the coming of the new assessment it appears that the equalized assessment will increase by approximately 20 per cent, which means a 20 per cent increase in taxes and will thus be a burden on this area at the present time, especially since the Federal government has designated the Pass as a Slow Growth Area. The delegation going to Edmonton will attempt to have some concessions given on the recent assessment.

Correspondence received by the assessors signified that they would attend an Open House affair in the Pass to give explanations re the new assessment to individuals who wish an explanation. The Open House will be held after the assessment notices are sent out.

Council has accepted the offer of the assessors and date and place of the Open House will be announced.

Council will be dealing with the engineering firm of Underwood, McLellan and Associates who will produce the results of a survey made of the town's water system. The engineering firm was requested to make the survey by the former council last August.

O.E.S. Enjoy 42nd Anniversary Celebration

The Minerva Chapter No. 41, Order of the Eastern Star, marked its 42nd anniversary on November 21st, when members and their husbands, totalling some 40 persons, enjoyed a birthday party in the I.O.O.F. hall.

For the occasion a turkey banquet was enjoyed, after which Worthy Matron, Mrs. Edith Nelson called on Mrs. Catherine Garner, who is a 41-year-member, to cut the birthday cake.

Following the supper a humorous skit was put on by the ladies of the O.E.S., after which a social hour was enjoyed.

Mine Chute Is Destroyed

Fire of unknown origin destroyed a large loading chute at the Vicary Creek Coal Mines of Coleman Collieries.

The mine is located about 12 miles north of Coleman. The large wooden chute was built on the slope of a hill and coal from the Vicary mine was dumped into the chute and then loaded into trucks at the bottom of the chute.

The structure, over 100 feet in length, had a capacity of over 150 tons.

Two gates for loading trucks were built in at the base of the chute and a diesel fuel heater kept the gates from freezing in cold weather.

According to reports damage to the chute was extensive and will run into several thousand dollars.

Coleman Collieries officials would not comment on the mishap.

Freak Accident

Johnnie Hopkins suffered a painful accident recently while playing with a toy gun when a plastic bullet from the gun bounced off the target and entered his throat choking him. His parents tried many efforts to remove the lodged bullet to keep him from strangling, in their endeavor it slipped down his throat and lodged in a lung. He was hospitalized in the C.N.P. hospital for a few days and later removed to the University Hospital in Edmonton where he underwent surgery.

We are pleased to report that the operation was a success and Johnnie is coming along favourably. He was accompanied to Edmonton by his parents, Mr. and Mrs. John Hopkins in Fantin's Ambulance.

"A free press stands as one of the great interpreters between government and the people. To allow it to be fettered is to fetter ourselves." U. S. Supreme Court, Grosvenor vs. American Press Co., et al. Feb. 10, 1936.

Completes Bible Instruction Course

Students of the Watchtower Bible School of Gilead in New York complete a number of Bible versions and manuscripts, part of school's collection.

Herbert Jennings, left, known to many in this vicinity, has just completed a 10-month course at the school, graduating with over 100 students from 56 lands. With him,

Herbert Jennings, formerly of Coleman, has just completed November 25 — a 10-month special course in Bible instruction, and organization management, at the Watch Tower School of Gilead in New York City.

Jennings was part of a class of 104 selected members of Jehovah's Witnesses who were gathered from 56 lands around the world.

The course provided each day for a half-day's classroom activity and a half-day's practical training in some phase of operation of the Watch Tower Society's two large printing plants and the two buildings which house the offices of the Society and the School and provide living quarters for the students as well as for the 800 members of the headquarters staff.

Academic studies included verse-by-verse study of the entire Bible, the history of religion, the relation of world history to the history of the Bible, Bible as teaching techniques as well as advanced methods of congregational administration.

Jennings is being sent to Ghana on a special assignment. In all, the 104 students are being assigned to 68 different lands.

JOHN F. KENNEDY

(S. H. Lewis, Bryn Hope, Erickson, B. C., Canada)

His youthful years surrounded
And displayed for all to see
That which gives to all men strength
The spirit of family affinity.
The beckoning light which drew him
As a moth is irresistibly drawn,
That he fit himself take a place,
Never putting his dreams in pawn
To dubious faith in arrogant might,
Selfish greed and lust for power,
But strive to learn why this prevailed
And some day become a tower
That stands for all the hopes and dreams
Of men whom fate decreed
Must live in abject fear and strife
Their pleadings to always heed,
And be like the light that beckoned him,
As a symbol of worthy endeavor,
Giving the strength that was given him
To inspire hope with fervor;
That conscious of his high estate
He would strive to always uphold
The right of man to live in peace,
A new spirit to gradually unfold.
Resolute in purpose, a tolerant mind,
He strove in a world of fear
To bring peace and reason out of despair,
Still clinging to all he held dear.
John Kennedy, patriot, man of strength,
Conscious of color and creed,
Is now no more, his spirit gone,
Destroyed by a dastard's deed.
To Thee, O God, in our grief we plead,
Though numbed with shock and sorrows,
Preserve his work in Thine own way
To give hope in all the tomorrows.

Drilling Crews Arrive in Coleman

Alpine Drilling of Calgary arrived in Coleman to start drilling test holes in West Coleman as the first steps toward trying to correct the water level problem that has been causing flooding basements in this area for some time.

The drilling rig, operated by George Miskulin and John Fillion, of Calgary, will be drilling some 21 holes around West Coleman to determine the flow of water and to find the water levels.

Once this step has been completed other action can be taken to drain the area and lower the water table level. The drilling work will take one week's time.

The preliminary drilling work was ordered by the Water Resources Department of Edmonton as a result of the Coleman Town Council and Mayor meeting with the Hon. Norman Willmore and William Kovach, MLA, of Coleman, recently.

Both government officials were taken on a tour of the West Coleman area and the Crows Nest River to familiarize Mr. Willmore with the problem. Mr. Kovach, being a resident of the area, has, for some time been trying to get action on the matter.

Prior to the Hon. Willmore visiting Coleman, a delegation comprising Mayor Jack Ostash and Councillors Joe Hanrahan and John Holyk travelled to Fort Macleod to meet the Minister and request that action be taken to remedy the problem that has been aggravating the residents of the district for

many years.

It is felt by Coleman council that dredging some one-third miles of the Crows Nest River immediately south of West Coleman would lower the river's channel by several feet and this in turn would provide for better seepage into the river channel, and would allow more water to flow downstream rather than remain stagnant and seep into basements.

The seepage into the basements of the residences in the area has prevented many of the home-owners from enjoying the services of natural gas furnaces in their homes. The wet basements also decrease the value of private homes in West Coleman.

**C.N.P. Music Groups
Welcome Residents
To Attend Practices**

Gus Erickson, president of the Crows Nest Pass Music Society, advised this week that spectators are welcome to attend the practice nights of the Crows Nest Pass music groups. Persons wishing to hear the various groups may do so by going to the Isabelle Sellon high school music room in Blairmore on Monday evening between

8 and 10 p.m. when the Crows Nest Pass Chorus hold practices; on Wednesday evenings between 7:30 and 9:15, when the Crows Nest Pass Orchestra hold sessions, and Thursday evenings between 7:30 and 9:30, when the Crows Nest Pass Band hold practices.

**Teen-agers
Elect Officers**

The Crows Nest Pass Teen-agers' Club held a meeting this week, when a new slate of officers was installed.

Heading the young people are president, Stan Geiger; secretary, Cathy McDonald, and treasurer, Bob Fisher.

The club have announced that non-members will be assessed 10 cents per meeting. The club will hold a draw for a record at each meeting and tickets will be sold to members only at 10 cents each or three for 25 cents.

**Safe Driving Week
Again Dec. 1 to 7**

As in the past six years, Safe Driving Week in Canada will extend from December 1 to 7, inclusive.

The Canadian Highway Safety Council will sponsor this major road safety campaign with increased co-operation expected from provincial and community safety organizations in all provinces.

As in the past, Safe Driving Week will stress problems that arise in winter driving and walking. It will also serve to lead into the nation-wide December - long campaign to combat holiday traffic hazards, promoted each year by federal, provincial and community police.

During Safe Driving Week in 1962, 70 people died in traffic across Canada. This was a considerable increase over the same period of 1961, when 55 perished.

However, of the 43 Canadian cities with populations exceeding 40,000, all but 10 completed Safe Driving Week without a single road death and were cited by His Excellency the Governor-General.

"Vigilance," said W. Arch Bryce,

CHSC's executive director, "must be maintained every minute, walking or driving."

**Coleman Lad
Assisted By
Purple Cross Fund**

The Coleman Ladies of the Royal Purple Lodge have this month provided \$300 for Mr. and Mrs. R. Kemp of Coleman, for a series of operations that are needed for the Kemp's six-year-old son Jerry.

The lad has already had one operation and is scheduled to have several more.

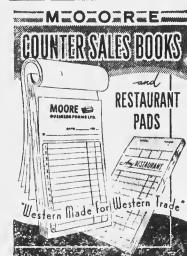

The money provided by the Royal Purple was obtained through the Purple Cross Fund.

**Investigate Robbery
At Coleman**

Investigation is being carried out by the Coleman town police of a robbery at the Coleman Hardware Company.

Goods listed to the value of \$505 were reported missing including an automatic Remington rifle, one 303 British Lee Enfield rifle, one Coey repeater (.22 calibre), one Coey single shot .22, and one Coey shotgun.

The robbery was believed to have taken place either late Saturday or early Sunday with entry gained through a smashed 12-ft. window at the rear of the building.

Cheese and Tranquillizer Combination Said Deadly

The following story, date-lined Washington, D.C., is published by The Review as a public service, with no intention of causing alarm but just to add another bit of knowledge to the reading public as disseminated by those men in the "know."

The article is as follows:

"Certain strong cheese and one of the newer tranquilizers may mix with sickening to deadly effects in the human body, according to British investigators."

The strange discovery, with its obvious warning, is reported in a recent issue of The Lancet, British medical weekly.

The cheeses involved are identified as Camembert and Brie, and perhaps to a lesser extent, Stilton. The tranquilizer is tranylcypromine, prescribed in the U.S. under the trade name of Parnate to relieve mental depressions.

The inquiry was begun after some patients on the drug treatment suffered side effects ranging from sweating, heart racing, vomiting, stiff necks and headaches some hours after meal taking. Often, though not always, one of the cheese was a principal ingredient of the meal.

Prof. M. D. Milne, pharmacologist, of Westminster Hospital in London, reported a rational explanation for the drug-cheese poisonings in The Lancet article.

The combination, he reported, acts as a special stress on the adrenal glands, causing those glands to pour out an overload of adrenaline. Adrenaline is the hormone released by these glands during bouts of anger, fear and other emotions.

Raises Blood Pressure

Prof. Milne reported he found the blood pressure of patients on tranylcypromine, who ate the suspect cheese was raised for at least eight hours.

He said he analyzed a number of cheeses and found the stronger ones, such as Camembert, Stilton and Brie, contained high concentrations of certain amines, breakdown products of protein.

These amines, he explained, if not quickly oxidized in the body, could cause the toxic effects encountered in the drug-cheese poisonings. Finally, he reported, the drug itself lowers the body's normal oxidizing power in this regard.

God.

"This immersion," said C. E. Statton, "is an act of confession, of what has already taken place in the heart of the baptized one: that he has pledged himself, dedicated himself to Jehovah God to live henceforth according to His divine will."

Local and district residents of Coleman were in Fort Macleod over the past week-end to attend the three-day assembly of Jehovah's Witnesses, held at the Fort Macleod high school auditorium.

Sponsored by the Watch Tower Bible and Tract Society, the week-end meetings consisted of a Bible short course for the purpose of improving Bible study techniques in spreading the word of life in Southern Alberta areas.

Such refresher courses are held at regular intervals during the year in over 194 different lands where Jehovah's Witnesses have congregations.

Highlighting Saturday's sessions, was a special baptismal and ordination service for six new ministers who will serve in the Southern Alberta district.

Climaxing the week-end's activities, C. E. Statton, guest speaker from the Society's branch office in Toronto, discussed the subject— "The Bible Triumphs in a Scientific World."

Speaking to 430 in attendance, Mr. Statton referred to the increasing trend towards atheistic thinking. "One of the reasons for this," he said, "is the conclusion drawn by many that modern science discredits the Bible."

The speaker asked why this was so, stating that true science cannot help but verify the Bible and the fact that God does indeed exist. He went on to discuss in detail four principles of nature that comply with scriptural principles:

Inertia, Equilibrium, Bio-genesis and the Conservation of mass and energy.

These four proved principles, he said, "give definite evidence that God does exist. It is a deplorable fact that many are induced to follow false science in their beliefs and not true science."

In closing, Mr. Statton pointed out that study of the Bible is the answer to the problem that confronts us in this busy world.

The three day assembly was arranged to provide Jehovah's Witnesses with instructive talks on applying Christian principles to modern day society and to aid in the expansion of their activity in the Southern Alberta area.

Six new ministers were added Saturday afternoon at a special ordination ceremony. They were immersed in water in symbol of their dedication to do the will of

God.

Prof. M. D. Milne, pharmacologist, of Westminster Hospital in London, reported a rational explanation for the drug-cheese poisonings in The Lancet article.

The combination, he reported, acts as a special stress on the adrenal glands, causing those glands to pour out an overload of adrenaline. Adrenaline is the hormone released by these glands during bouts of anger, fear and other emotions.

Raises Blood Pressure

Prof. Milne reported he found the blood pressure of patients on tranylcypromine, who ate the suspect cheese was raised for at least eight hours.

He said he analyzed a number of cheeses and found the stronger ones, such as Camembert, Stilton and Brie, contained high concentrations of certain amines, breakdown products of protein.

These amines, he explained, if not quickly oxidized in the body, could cause the toxic effects encountered in the drug-cheese poisonings. Finally, he reported, the drug itself lowers the body's normal oxidizing power in this regard.

istry by the College of Physicians and Surgeons of Alberta.

Parents of handicapped children are asked to contact the local Health Units for further details.

The definition of a handicapped person is any person whose physical, mental or emotional condition is such that he or she is definitely limited in his or her performance of daily living.

Jeunesse Musicale Concert Dates Are Arranged

Arrangements have now been completed for the series of Jeunesse Musicales concerts to be held this season with the first concert to be held in the Isabelle Selton high school in Blairmore on December 9th.

The first concert will feature the Brussels Wind Quintet consisting of flute, clarinet, oboe, bassoon and French horn.

This group was selected from the leading instrumentalists of Belgium's finest orchestras.

The other concerts will be held early in the New Year and will present Audrey Johansen, pianist; Albert Ponce, guitarist from Spain, and Gloria Richard, soprano, winner of the JMC National Music competition.

Membership tickets may be obtained from Don Thornton, Mrs. T. J. Costigan, Mrs. Audrey Bonne, Mrs. Jean Burgman, Mrs. Madeline Pinkney of Blairmore; Roy Upton of Coleman; Frank Edl of Frank, Dr. R. Amundsen of Michel, B. C., Arthur Tustian at Cowley, and Mrs. J. Thornton of Pincher Creek.

ATTENTION OWNERS AND OPERATORS OF MOBILE EQUIPMENT

Effective January 1, 1964, all mobile equipment coming within the definitions quoted below is again subject to licensing, if such equipment is operated anywhere within the Province except in Cities or National Parks.

Inspectors are constantly in the field checking all such mobile equipment. Practice of issuing warning tickets will be discontinued and any violation of the Act will be concluded in court proceedings. Provision is made for the imposition of a fine and possible impoundment of equipment where a violation of the Act occurs.

The following definitions are taken from The Mobile Equipment Licensing Act:

(d) "MOBILE EQUIPMENT"

- (i) means machinery or equipment capable of being moved to its place of use under its own power or by being towed, pulled or carried and not intended to be affixed to land, and
- (ii) includes equipment used for the purposes of seismographic exploration and, without restricting the generality of the foregoing, includes
 - (a) seismographic recording equipment and all appurtenances thereto,
 - (b) conductor cables and cable reels, geophones, amplifiers and cameras,
 - (c) explosive and detonating equipment,
 - (d) drilling units and all the component parts and appurtenances thereof, and
 - (e) water tanks and pumping equipment, but
- (iii) does not include
 - (a) vehicles licensed under The Vehicles and Highway Traffic Act, or The Public Service Vehicles Act, exclusive of mounted equipment on such vehicles, and
 - (b) equipment, other than vehicle mounted equipment, used to drill a gas or oil well;
- (iv) "municipality" means a town, village, municipal district, county, improvement district, special area, metis improvement district or forest reserve
- (f) "owner" includes a person renting mobile equipment or having the exclusive use thereof under a rental agreement or otherwise.

NOTE: Mobile Equipment having an original list price of less than \$2,000 does not require a license under this Act.

A copy of The Mobile Equipment Licensing Act may be obtained upon payment of ten cents from the Office of Queen's Printer, 10255 - 104 Street, Edmonton, Alberta.

Address all inquiries regarding MOBILE EQUIPMENT LICENSES to the DEPARTMENT OF MUNICIPAL AFFAIRS, Edmonton. Licenses are also available at Department of Municipal Affairs Offices at Medicine Hat, Leithbridge, Calgary, Rocky Mountain House, Red Deer, Edson, Evansburg, Bonnyville, Lac La Biche, Westlock, High Prairie, Peace River, Spirit River, Grande Prairie, Drumheller and Drayton Valley, and the Special Areas Offices at Hanna, Oyen and Consort.

Minister.

JUNIOR CITIZEN AWARD WINNER

LARRY MORIN

9715 - 156 ST., EDMONTON

When Larry was only twelve he learned he was a diabetic. He had to forego active school sports, baseball and football - all the sports a boy loves. This was quite a sentence to impose on such a young boy. But far from feeling sorry for himself, Larry developed talents for helping other people.

His aim in life is to become a doctor specializing in the problems of diabetic children. A worthwhile goal - don't you agree?

He has done exceptionally well in school. He completed his Grade 10 with an "H" average. He is a Sunday School teacher, and an enthusiastic member of his church's Young People's Group.

During the past winter, sixteen-year old Larry toured Northern Alberta with the "Search for Talent" show. He is an accomplished pantomimist, and used his talent to help raise money for crippled children. He has taught himself to play the guitar and banjo, and has formed his own folk singing

group "The Balladeers" which entertain in and around Edmonton.

Larry has been a counsellor at the Lake Isle Camp for crippled children and last summer worked with diabetic children.

Calgary Power joins with the editors of Alberta's weekly newspapers in congratulating Larry on his courage and determination to live a full life in spite of his handicap.

This is one of six announcements about the 1962-63 Junior Citizen Award winners. Calgary Power Ltd. gratefully acknowledges the active participation of Alberta's weekly newspaper editors, whose enthusiasm has done so much to make the Alberta Junior Citizen program possible. For this winner our special thanks go to Mrs. Elsie M. Barnes of 5911 - 119 Ave., Edmonton and to the Editor of the Beverly Page, who nominated Larry for the award.

The Coleman Journal

Plans for a \$71,500 Centennial Boy Scout Camp development program were outlined today by Dr. T. H. Anstey, president, Southern Alberta Region, Boy Scouts of Canada.

To be known as Impeesa Centennial Boy Scout Camp, the 260-acre project will be located 26 miles southwest of Pincher Creek, adjoining the shore of Beaver Mines Lake in the Crows Nest Forest Reserve.

Camp Impeesa is the first southern Alberta Centennial project to be announced which will provide an opportunity for full regional participation.

The Southern Alberta Boy Scouts Region covers 11 districts with an enrollment of 4,000 Scouts and Cubs. The districts include Lake McGregor, West Wind, Flatlands, Sunshine, Chinook, Grizzly, Poncarie, Cardston, Forest and Medicine Hat.

The development program of the camp, backed by Table Mountain in the rugged Rockies, calls for a start this fall and completion by 1967. It is expected that the Centennial year will see one of the biggest Scout Jamborees ever held in Western Canada as a commemoration for the official opening.

Impeesa was the Zulu name given to Lord Baden-Powell, the founder of the world-wide Boy Scout movement. The name itself means "the wolf that never sleeps" — symbolizing a creed that the Boy Scout movement is always vigilant to the need of tomorrow's citizens.

Work on the project was initiated more than a year ago in consultation with John Hogan of Blairmore, superintendent of the Crows Nest Forest Reserve. After the camp location was settled, Mr. Hogan arranged a long-term lease through the lands and forests department of the provincial government.

The following estimates on expenditures have been listed by the Camp Building committee under chairmanship of Andrew Holmes.

Road into campsite, \$5,000; main administration building, \$5,000; six Cub villages, central lodge for each at \$5,000; six Cub huts to each village at \$150 each; health unit and first aid centre, \$3,000; power improvement, \$3,000; camp equipment, \$3,000; approved drinking water installations, \$3,000; approved latrine facilities, \$3,000; beach and dock facilities, \$2,000; boating facilities, \$1,600; recreation equipment, \$1,500; site clearance equipment work, \$1,500; camp truck, \$1,000; promotion, stationery and miscellaneous expenses, \$3,500.

The entire camp layout is expected to be built through contributions from individuals, organizations, communities. Canada's Centennial organization is to be approached also.

The camp's building committee says that in selecting one or more units of Impeesa Centennial Boy Scout Camp as a project or Centennial unit, an individual, group or community may sponsor a memorial dedicated to the service of youth. Appropriate recognition will mark the memorial unit if desired.

Contribution plans for individuals, groups or communities can be devised to suit the best interests

of the donor.

Individuals making contributions will be given tax-deductible certificates.

Additional information about the project may be had by contacting Mr. Holmes, the chairman; Ric Clarke, regional executive commissioner; John Carnine, regional commissioner, or members of the Building committee, Steven Denbeck, Morris Mitchell, Dr. W. A. Gray, Joe Balla, Dr. John Doma, Ernie Holberton, Ron E. Knight, Brian Ellington, Wray Kenney, Emil Phaff and Tom Welsh.

Headquarters for the project will be at the Scout hall, 217 - 12th St. AS, Lethbridge. The telephone number is 327-4647.

Skating Instructress Arrives In Pass

Miss Frances Thiede of Kelowna, B.C., arrived in Blairmore this week to take over her duties as instructress for the Crows Nest Pass Figure Skating Club.

Miss Thiede, 19 years of age, comes highly recommended as an instructress, having taken skating at the Kelowna Summer School for a number of years. Miss Thiede is presently working on her seventh skating test and will then have her eighth which will entitle her to a gold medal.

Miss Thiede, who is an excellent typist, and has completed her high school, is seeking any reasonable employment that will allow her to have her Saturdays free for skating classes.

The skating classes will be held on Saturdays from 10 a.m. to 12 noon, and from 1 p.m. to 5 p.m.

So far, 46 young people from Cowley, Lundbreck, Burmis, all the Pass towns and west to Natal, B.C., have registered and many others have signed their intention to join the club, which will have over 75 members this season.

Due to this year have been set at \$7 per person and are payable when registration is made.

The club is already planning a terrific wind-up skating show and carnival at the end of the year, and this year an afternoon show will also be held to avoid many persons out being able to attend.

The wind-up show last winter drew the largest crowd in the history of the Blairmore arena as the rink was packed to capacity by interested people who turned out to see the young people perform.

The club is also arranging a second hand skate table and purchase or sales of skates may be made through Mrs. Marion Kanadaga of Blairmore.

Contribution plans for individuals, groups or communities can be devised to suit the best interests

The Sunday School Concert will be held Monday, Dec. 16, at 7 p.m. A buffet supper will be served in the Clubroom at 6 p.m. for the children and their parents. Any pot luck donation to the supper will be appreciated. Following the concert Santa Claus will arrive with a treat for the children. Please keep this date open for the Sunday School.

Mrs. V. Martinez
Honored at Shower

A miscellaneous shower was held in honor of Mrs. V. Martinez (nee Beverley Bond) in the Elks hall on November, 25.

The honored guest was escorted to the head table by Mrs. J. McGregor and presented with a corsage of pink carnations. Mrs. B. Bond, mother of the bride, was escorted and presented with a corsage of white carnations by Mrs. K. Raymond.

During this time the "Wedding March" was played by Miss Roxanne Panek. The guest book was in charge of Mrs. L. Schultz and Mrs. J. McGregor.

Whist and bingo was the entertainment of the evening - whist honors going to, first, Mrs. J. Rogers; second, Mrs. P. Topak; consolation, Mrs. D. Filafilo Jr., and the door prize was won by Mrs. A. Vrskov.

A delicious lunch was served by the hostesses after which the presentation of gifts was made to the honored guest.

Mrs. K. Raymond made the presentation of the major gifts which were: floor polisher, vacuum cleaner, copper canister set and bread box, and a set of lamps, along with many other individual gifts.

The hostesses' gift was a steam iron and ironing board.

Mrs. Martinez, the guest of honor, very ably thanked all for the beautiful gifts and good wishes bestowed upon her and her husband, and also thanked the hostesses for the memorable occasion.

IN MEMORIAM

In Loving Memory of my dear husband, and our dad, Joseph Eli Plante, who passed away Dec. 12th, 1961.

A tribute of love and remembrance,

Of one I shall never forget, His memory to me is a treasure,

His loss a lifetime regret.

I wish to day as I have wished before,

God could have saved you many years more,

We miss you Dad and always will,

You left a place no one can fill.

You passed away without good bye,

But memories of you will never die.

Ever remembred by his wife Mabel and family.

Services Are Held For The Late President Kennedy

The Coleman Ukrainian Gr. Catholic Church was well filled Saturday morning when prayers and a special Mass service was held for the late President John F. Kennedy. The special Mass was held at 10 a.m. Saturday and was preached by the Rev. Father R. Martyniuk of Nelson, B. C., who was here for the occasion.

On Monday flags all through the Crows Nest Pass were flown at half mast in respect to the late President Kennedy.

Michael Yarovich, Age 80 Years, Passes in Hospital

Michael Yarovich, 80, Coleman bachelor, died in the Crows Nest

Pass Municipal Hospital following a short illness.

Mr. Yarovich was born in Ellenva Province of Grodno, Russia, in July of 1883. He came to Canada in 1906, settling in Fernie, B. C., where he worked in the Coleman mines for 10 years. He then moved to Natal, B. C., working in the mines there for two years as a miner before coming to Coleman where he lived until the time of his death. He worked as a miner at the International Mine, retiring in 1954. He was a former member of the Coleman Local of the UMWU, and was of the Greek Orthodox faith.

Services were held in the Chapel of Fanin's Hillside Chapel in Coleman at 11 a.m. on Thursday with the Rev. H. LeeLew of Coleman officiating.

Interment was made in the Coleman Union cemetery. Fanin's Hillside Chapel were in charge of the arrangements.

Prizes Awarded For the Best Light Decorating

The Town of Coleman will give FIVE CASH PRIZES of \$10.00, \$8.00, \$6.00, \$4.00 and \$2.00 for the best FIVE HOMES with Christmas Lights as seen from the outside.

JUDGING will take place on Sunday, December 29th, between 6:30 and 8:30 p.m.
